WELCOME LETTER TO EXHIBITORS

Dear Exhibitors,

The Caribbean Electric Utility Services Corporation (CARILEC) is an association of electric energy solution providers and other stakeholders operating in the energy industry in the Caribbean. The Association is made up of thirty-three (33) electric utilities from Bermuda in the north to Suriname in the south, and over one hundred (100) associate, Independent Power Producers (IPPs), Individual & affiliate member companies, consultants and academic institution involved in some aspect of servicing the electric utility business.

The event will be held at the Sonesta Maho Beach Resort & Casino and Spa, St. Maarten from July 21st to 25th, 2024 (July 25th – Post training). The event is attended by regional utility CEO's, energy sector professionals, engineers, financiers, development partners, SVPs, VPs, Consultants, Renewable Energy Experts from the Caribbean, North America, and Europe. It also attracts interest from manufacturers, suppliers of equipment and materials and other industry energy solutions providers. This forum includes a host of capacity building and networking opportunities, which is a rich ground for the exchange of knowledge and best practice. The event is also the ideal place for the exposure of new developments, technologies, methodologies, and products both through presentations and an exhibition show.

The four-day event features an exhibition show, technical presentations, social events, classroom-type sessions, fireside chats/panel discussions and the CARILEC's highly-anticipated members-only speed-networking session.

We look forward to making this your best Conference & Exhibition where Caribbean Energy Leaders and Experts meet to discuss the pressing issues being faced by the region in the Energy Sector, and search for the best energy solution providers to meet their technical needs.

See you soon!
